

Capability Statement

ABOUT

Previs is a Maryland based IT Software Services, Consulting, and Solutions company. We are passionate about delivering high-value mission and objective outcomes that exceed expectations.

Our software development consulting expertise and emphasis on truly understanding client needs sets us apart and results in best-fit innovative solutions for our clients. We leverage modern, agile, industry standard best practices in our development and program management methodologies. These qualities have resulted in 100% customer retention since our founding in early 2019. Previs is a certified 8(a), MDOT registered MBE, small disadvantaged business.
